

# Go Through Security Screening Stress Free

## The Prep

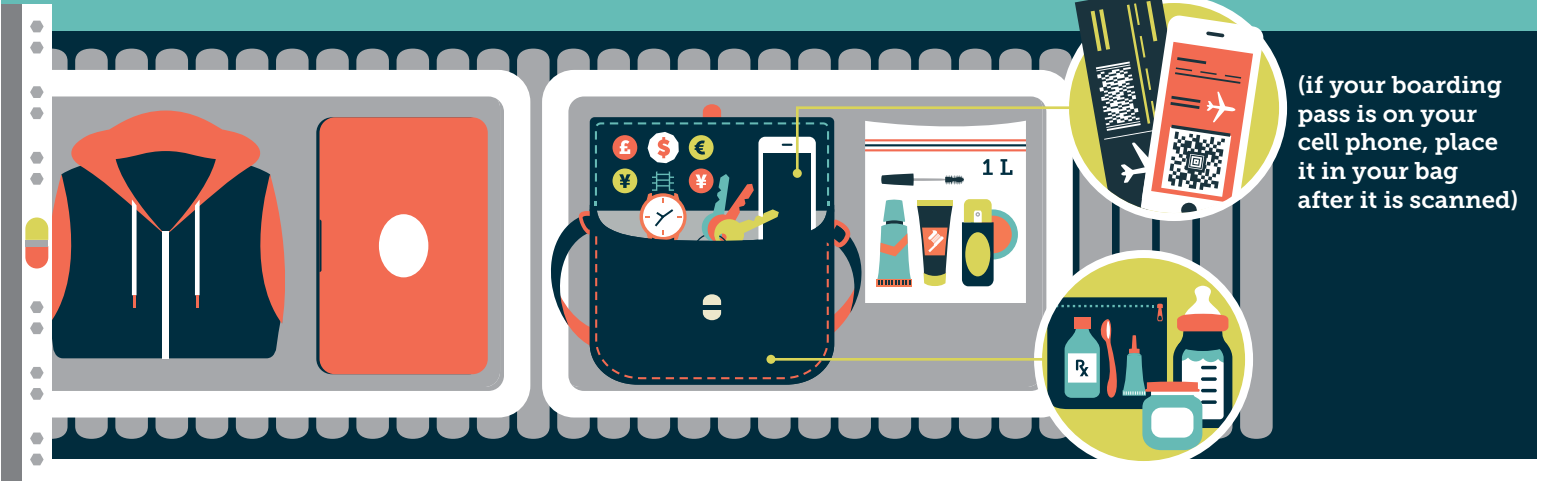

Arrive Early

Have your boarding pass ready

## The Bins

### Place these items in the bin:

#### Outerwear

Remove bulky sweaters and winter coats.

#### Laptop computer

Unpack it from its case.

#### Liquids, aerosols and gels

Place your **1 L plastic bag** of liquids, aerosols and gels in the bin.

### Keep in your carry-on:

#### Metal items

Coins, keys, watches and jewellery.

#### Small electronics

Smartphone, tablet, e-reader and camera.

### Exempted liquids and medicine:

**Medications, baby formula, breast milk**  
Be prepared to show them to the screening officer

## The Metal Detector

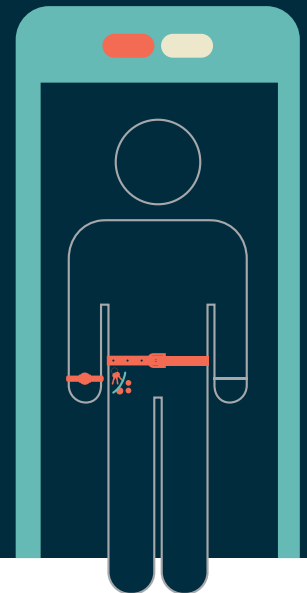

**Metal items** (coins, keys and even gum wrappers) **can set off the detector.** Put them in your carry-on bag.

You **may be asked** to unbuckle your **belt** and hold out the ends to either side for the screening officer to inspect.

You **may be asked** to remove your **footwear.** Some – like construction boots and high-heeled shoes – can contain metal shanks.
